## ¡¡Good News!!

### Health care

Proper and continuous medical attention ensures a more improved and personal relationship between doctors and patient. During the period between July and August 387 medical services were given: 286 medical consultations, 10 nutritional advisements, 16 in psychology, 31 ophthalmology patients, 31 in dentistry and 13 in orthodontics.

In this two-month period there were two significant lectures on sanitation and personal hygiene given at the Leonardo Pasquel School.

As well, a talk on the prevention of Arterial Hypertension

### Nutritional Recovery and Education

A social co-investment project partially supported by a federal government institution called INDESOL, which combats malnutrition, takes place over the last three month. During this project we have been able to carry out various activities including the implementation of backyard gardens in homes in and around our areas of influence in Xalapa and Mahuixtlán, Veracruz

We have been able to provide 110 children with not only breakfast service but also lunches on working days. In the same way, 20 pregnant women have been benefited with food supplements, medical consultations and nutrition and food orientation workshops.

New doors have been opened through educational institutions in the community of Mahuixtlán, such as “Esperanza Conde School”, which allows us to strengthen our work in that area.

In the corresponding bimester 4,467 breakfasts and 5,217 hot meals were served for the children at the soup kitchens of CANERI, PORTON COLORADO and MAHUIXTLAN. This has been made possible thanks to the loving support that each one of our donors gives us

## School Reinforcement Workshop

On July 19, a ceremony of delivery of school supplies to 11 students benefited with a grant of teaching materials was made, which were acquired with a donation from the children of the Christian Reformed Church of Louverne. In this activity, VAM staff participated: Patricia Pérez, Karina García, Marcia Tinoco, Teresa Orea, Angelica Vera, Cecilia Portilla, Melissa Rosado, Patricia Gonzales, Eva Dominguez, Miriam Cruz and Linda Pretelin, who with great willingness and enthusiasm, accompanied to the children and their parents to purchase the supplies; achieving a good coexistence and integration between the team and families.

The Cutting and Clothing and Bakery and Pastry shop is currently operating in liaison with ICATVER; in the month of July the course "Garments for lady and girl" was concluded and the students received their official recognition. With the support of Mr. Alfredo Grajales, Director of ICATVER, the course "Making garments for men and children" of the clothing preparation specialty will begin. Benefiting 22 people, this course began on August 24 and will end on January 25, 2018.

## Universal Values School

In this bimester, activities of the Vacation Bible School were carried out with the theme "Under Construction, God working on me", where children through activities and games, worked on five values: identity, honesty, generosity, solidarity and respect to improve the relationship with others and live a life that pleases God, in addition to doing didactic activities of reinforcement in mathematics, Spanish, reading comprehension and artistic activities.

Also in this month the 2nd Workshop of "Free to Live" was conducted by our sister Vasti Reyes representative of the Biblical Society of Mexico, with the aim of continuing to train evangelical Christian churches, on the subject of violence prevention, abuse and mistreatment in childhood.

## From VAM to the World

In August we opened the Virtual Learning Center for the educational area, which will benefit 50 children from the school reinforcement workshop. At this venue they will receive training in the current technology for better development in their educational life. We thank the Rotary Club Manantiales and friends for their most invaluable support in providing this computer center. Tgis lab has 10 computers, internet and a teacher. Currently children receive computer classes every Monday, Tuesday and Friday.

We also would like to thank the Luke Society Inc., for the renewal of the computer equipment in the medical and administrative areas allo-
